

Supporting your Company's Objectives - Community Benefit Funding

About GrantScape

GrantScape is a charity which specialises in designing and delivering top quality, cost-effective community benefit funds for a range of clients. Since 1997, we have firmly established ourselves as one of the UK's leading grant-makers.

Our team has many years' experience of working with clients wishing to support the communities that live near their operations. This sits particularly well with GrantScape's core purpose - to enhance the environment and strengthen local communities through our grant-making activities.

Our Service

If your organisation is seeking to benefit local communities around your operations, GrantScape is very well placed to help you by:

-  Designing a community benefit fund tailored to your specific objectives and branding requirements
-  Managing the entire grant application and assessment process smoothly through our user-friendly online system
-  Giving you as much or as little involvement as you want in actual grant decisions
-  Administering all aspects of grants that are awarded, including payments and the evaluation of project outcomes
-  Ensuring that we fulfil your internal reporting requirements
-  Promoting your organisation's involvement and community support

How can we help you?

Our grant-making service

GrantScape's service covers the entire community benefit fund process:

-  Attending public consultations arranged as part of the planning process to present the local benefits of a community benefit fund
-  Arranging and co-ordinating 'focus groups' with the communities to understand their local needs
-  Developing web-based grant application forms and comprehensive supporting guidance
-  Setting up expert, independent local advisory groups to assist in deciding how best to invest the community benefit funds
-  Managing fund payments and undertaking all related financial reporting
-  Monitoring projects in progress and providing guidance to funding recipients where necessary
-  Producing web-based case studies and e-newsletters to promote each fund and the involvement of our clients

We can also provide:

-  A tried and tested online, paper-free application process which our applicants have consistently confirmed to be very user-friendly
-  Professional support for applicants should they need guidance in completing their applications
-  High quality input to decision-making, ensuring that only the best and most deserving applications receive funds
-  Cost-effective administration of funds from start to completion
-  Incisive reporting to clients on the progress of their community benefit funds

Why choose GrantScape?

GrantScape has a long and successful heritage of community and environmental grant-making around Great Britain. As a client, you can therefore be assured that:

-  You will receive excellent value for money, because our processes have been tuned over the years to be as efficient and effective as possible
-  You will be working with an independent partner, with a robust internal controls environment, in whom you can have full trust
-  You will be supported by a respected charity with a highly committed staff team
