

Client Testimonials

“Commissioning GrantScape to manage the OSCA grant fund has proved to be a good decision and they are clearly market leaders in their field. Without their expertise we would not have made the progress we did. The fund was affected by Government cuts shortly before the launch and GrantScape took a positive, 'can do' approach working extremely hard to revamp the whole scheme at short notice. Feedback from applicants, partner organisations and elected members has been overwhelmingly positive and complimentary. They have the professionalism and technical skills needed for all parts of the grant management process. They also have that lightness of touch and approachability which is so important when working with such a wide range of groups and issues.

My expectations of GrantScape have been completely fulfilled and I have been really impressed by their expertise and commitment. Their grace under pressure, unlimited optimism and humour has been greatly appreciated.”

Gwenllian Davies
Voluntary Sector Development Manager, Chief Executive's Office,
Oxfordshire County Council

“GrantScape have exceeded my expectations for this programme. Every round has met with excellent applications and very positive feedback regarding the entire process.

I would not hesitate in recommending GrantScape to other organisations who are looking for a professional, innovative grant-maker to create an outstanding programme which meets all of their objectives.”

Steve Ward, Site Manager
Caird Bardon Limited

“We chose GrantScape because of their proven expertise in delivering successful grant programmes. Their commitment in providing an outstanding service is evident in the quality of applications we receive under this Fund.”

John Rees
Managing Director
CWM Environmental Limited

“We are delighted to be working with GrantScape, an independent organisation which has an excellent track record of successfully managing similar grant programmes across England and Wales.”

Rob Routledge, Director
Whitemoss Landfill Limited

“We are very pleased to be working with GrantScape, who have a strong track record over many years of successfully managing similar programmes across England and Wales.”

Mark Farren, Managing Director
Woodford Waste Management Services Limited

Customer Feedback

“The information provided at all stages was clear and help was available throughout the application process. The operation of the Grant Team was streamlined and professional. The support our group received at all stages of the grant process was outstanding.”

Bancyfelin Education Community Trust

“The procedures have been superior to many organisations that the Trust has worked with.”

Yorkshire Dales Rivers Trust

“This was far and away the easiest grant application I made. Very clear and concise.”

Rothwell Baptist Church

“An excellent scheme, with Officers who understand biodiversity and the challenges of running a landscape level project.”

The National Trust (Wales)

“GrantScape is an excellent funder, recognising that projects, by their very nature, can be affected by external circumstances beyond an organisation’s control, resulting in changes to projects’ deliverables and expected outcomes. GrantScape has been flexible when changes have been requested, due to e.g. longer timescales required for undertaking the Environmental Impact Assessment, obtaining felling consents. RSPB staff have worked closely with the Grants Manager to ensure the best outcome for the project is secured and gains for biodiversity maximised.”

RSPB

“The whole procedure and level of assistance were superb throughout.”
